Mother, May I?

HAPPY MOTHER'S DAY!!! And I say that to all the "mothers" who projected the Mother energy toward others regardless of their gender. For each of us carries both the masculine and feminine energy within us.

In Genesis we find: "Then God said, 'Let Us make man in our image, after our likeness.' So God created them in his image; male and female."

Mother, May I?

And what is the Mother energy? It is the divine feminine energy, the essence of all creation, the essence of God that is within us. It is divine love in action, non judgmental and unconditional.

A few weeks ago I talked about Myrtle Fillmore and how she tapped into her divine feminine energy of divine love to heal her body. Love is the creative essence required to sustain all manifestations of life.

Mother, May I?

Many years ago a scientist at the University of Wisconsin created a mothering machine for little animals. It was made out of wire and covered with terry cloth. Out of the wire was a bottle of milk and there was a light bulb to keep the little one warm. But they found that the little ones were dying because what they needed the machine could not give.

They needed a mothers love.

Mother, May I?

A mother's love cannot be recreated with wire, terry cloth, and a light bulb. However, Divine love is intrinsic, part of our emotional make up that is needed to sustain the species.

At some point in your life, someone held you in their arms, close to their heart. There was a heart to heart connection. Many hospitals now have programs in place to cuddle babies. These "Baby Cuddlers" just give and receive love.

Mother, May I?

In Unity's Metaphysical Bible dictionary love is described as follows:

Love is a divine attribute for God is love and love is God. The difference between divine love and human love is that divine love is broad and unlimited, a universal and harmonizing power. Human love is based on personality and is selfish, lawless, and fickle.

Mother, May I?

When divine love is established in the consciousness it will draw to us all that we require to make us happy and contented, all that really belongs to us.

We evolve divine love in our heart by asking daily that the infinite love of God be poured out upon us; by praying, meditating, and affirming that we are one with and express at all times the perfect love of God (Meta Dict/406).

Mother, May I?

By taking all our concerns, all our trails into prayer and asking the divine feminine of us, "Mother, May I?", there you will receive the answers and those answers will always be given in love. The kind of divine love that sees the bigger picture, and desires only the best for you.

Just like the game of Mother, May I? there are times the "mother" will say, "no." However, that doesn't mean she doesn't love you.

Mother, May I?

And then there are times that the "mother" knows it's time for you to start expressing divine love yourself. To embrace your divine essence and soar.

On the third day a wedding took place at Cana in Galilee. Jesus' mother was there, and Jesus and his disciples had also been invited to the wedding. When the wine was gone, Jesus' mother said to him, "They have no more wine." "Woman, why do you involve me?" Jesus replied. "My hour has not yet come." His mother said to the servants, "Do whatever he tells you." –John 2:1-5

Mother, May I?

In the Metaphysical Bible Dictionary we find that:

Mary represents the soul that magnifies the Lord and signifies the divine motherhood of love. She also represents our intuitive nature of being. The name Mary also represents that aspect of love that attends to the things that are spiritual.

Now this was Jesus's first miracle, and here he was at a wedding and all he wanted to do was kick back with his pals and just enjoy himself and here comes Mother.

Mother, May I?

Do you remember what it was like when you went to your first interview, started your first job, held your first child, or any other first in your life?

The one thing I find most amazing about this story of Jesus and his mother, is that it does not say, "Mary believed." Why? Because she already knew! The divine feminine, that creative part of ourselves already knows when we are ready. All we have to do is honor it. When we honor the mother figures in our lives, be them female or male, we honor the divine essence of God's love for all of creation.

Mother, May I?

So in honor of all mothers everywhere I leave you with the following:

Mother, May I?

Of all the gifts
that life has
to offer, a
loving
mother
is the greatest
of them all

A single
mother has a
backbone
made of steel
and a heart
made of gold.

Mother, May I?

**Mother is the name for God
in the lips and hearts of little
children.**
